I AM THE ONE

**I am the One Who is always lost and
found among mankind.**

**It is your love for yourself that loses
Me and it is your love for Me that
finds Me.**

**Love Me above everything, for now,
while I am in your midst, I am most
easily found as I really am.**

THE LIGHT OF DIVINE LOVE

Divine Love leads man to a life of unity on earth.

Emotional integration of the people of a nation and co-existence of the nations of the world can only be realized when Divine Love illumines the mind-heart of man.

To love God means to love all as one would love one's own self, for God is the SELF of all.

The essence of all religions is 'LOVE GOD', Who is ONE without a second and Whose only abode is the heart of every man.

The purpose of all religions is to enlighten man to this essential, inescapable and eternal 'UNITY OF LIFE', the Truth of which is God. And if religions fail today to inspire love in the heart of man and establish unity amongst men on earth, it is high time for man to renounce all religions and love God, Who out of His Infinite compassion comes again and again and now has come once again amidst us as Meher Baba.

May He kindle the flame of Divine Love in our hearts.
