INTRODUCTION

Dear Friend:

With great pleasure we introduce to you a psychic renowned for his accurate clairvoyance and World Predictions. Clifford M. Royse, Jr., is his given name, but he is also known widely as "MR. PSYCHIC".

"MR. PSYCHIC" is of Television, Radio and Newspaper fame. He is an authentic, universally-accepted demonstrator of Extra-Sensory Perception. With his unusual Psychic abilities he is able to perceive mentally the past, present and future of the one on whom he is concentrating. He has had this power since earliest childhood.

"MR. PSYCHIC" has appeared on WLS "Pinpoint" Show, American Broadcasting Company's "Kups Show" where on television he gave a psychic reading to Robert Preston of "Music Man" fame. After "MR. PSYCHIC's" appearance on WVON's "Hot Line" an open invitation was extended to any future appearances on that show.

For three and one-half hours on WBBM's "Jerry Williams" Show -- the largest town meeting on the air -- his appearance broke all previous records for response from the public with thousands of telephone calls and hundreds of letters. NBC-TV News Special presented an interview with "MR. PSYCHIC" discussing his WORLD PREDICTIONS and clairvoyant abilities.

How "MR. PSYCHIC" Came by His Precious Gift.

Clifford M. Royse, Jr. was born Sunday, February 7, 1932 in Chicago. He is the son of five generations of psychic mediums. It was his great, great, great grandmother who had married an Indian who had possessed the unusual abilities of what is today called psychic and mediumship phenomena. Clifford Royse, Jr., was thus destined to play a very important role in the advancement of the knowledge of this subject, for this precious gift had been entrusted to his care. This monograph, "1967 WORLD PREDICTIONS" is a direct product of his "knowing way."

Foreword

Whether or not you have given much thought to the subject of Prophecy, I know that this book will arouse you to think for yourself, thus putting into existence the creative energy that is yours.

Use your perceptive reasoning ability and you can build a future that you may not have ever before dared to wish or dream for.

You are a living dynamic power.

Harness the power and be as your God intended you to be. I hope to stimulate a desire in you to investigate the realms of prophecy.

As a science, prophecy will in the future be much more understood than it is at the present time. There will be a greater demand for individuals who can prophesy, and the good that they will be able to do for the benefit of mankind will in time surpass the powers of the realm of the atomic.

The Door into the New Age is opening, and a new acceleration, a new frequency, a new realization is compelling man to tap his hidden powers. To keep pace with the acceleration, the speeding-up that is going on everywhere in the world today we need and require a new realization of the importance of EXTRA-SENSORY PERCEPTION.

If you are moved to give further thought to the subject then I have my reward.

CHAPTER 1

You Can Make a Prediction

The gift of prophecy -- the ability to make predictions -- is not anything new to man. From time in its beginning man has reached out into the future mentally...into the tomorrows.

Some today think of this as new, although the ability to prophesy, to give predictions, is as old as man. For we find in the ancient writings, not only in the sacred scriptures but also the sensual writings throughout the ages, where there have been individuals who have had a special ability to know of events that had not yet taken place.

I, as a psychic medium, have had this ability since birth.

Since a very small child I have been telling people things about themselves, things that were to become a **REALITY**.

It was only a short step further to begin to tell things about the world that I lived in, important people, people in the news, events that were to take place. So it was that I first began to make **PREDICTIONS**.

The ability to prophesy is as old as man, yet we as individuals have not begun to have even the slightest notion as to **HOW** predictions can really be brought into existence. I am writing this book to shed light on that mystery.

From all the observations of a lifetime as a psychic medium I have become extremely aware that we as individuals are **NOT** living in a world that is pre-ordained, that we are **NOT** victims of fate; that we are **NOT** tied to predestination. We are **NOT** puppets dangling on a string.

Just the opposite is true. We are free individuals able to choose, to reason, to create, to build in our life that which we would truly desire.

We are living in a world of laws. One of the laws is the law of cause and effect. We simply put causes into being that will produce particular effects. There are individuals such as myself who are able on occasion, to **FORETELL THE EFFECT** of a cause that has been put into existence.

The perceptive mind is the mind of tomorrow. If my small child were to go to a fire, I would say to him or I would predict to him, "You will burn

yourself if you touch that fire." He may continue to walk toward it and I will predict more loudly, "You will burn yourself."

Suddenly, as a free individual he decides to turn away from the fire, thus making the prediction wrong (he did NOT burn himself). He simply put another CAUSE into effect: he turned from the fire. The more alert the perceptive mind is, the greater the ability for predicting the final end of a given situation. A psychic, therefore, strives to sharpen his perceptive mind.

Prophecy is a very necessary part of our life, for it gives us the faith, and the hope to face the tomorrows. In my own life I have seen predictions pave the pathway which has made me into what I am today, and I am sure that predictions will continue to uplift my life and yours, tomorrow. Predictions can stimulate. Predictions can give us a motivation that will lead into a fullness of life, and it is this fullness of life that we are seeking.

Many psychics find that they are themselves more readily received by the masses of people if they prophesy those things that are flattering to the personal ego. I, as a psychic, through the ability that I have, came to the conclusion that I must not do this.

As a small child I was aware that people REACTED to predictions.

Therefore I must be honest, completely honest, in describing a prediction. Consequently I do not do what is called "flowering" a message or a prediction, but rather I will tell exactly what I see as I see it.

I perhaps put a little more emphasis on the negative, because I feel that by knowing the negative we by chance might have enough inner INSIGHT, or enough MOTIVATION, enough DETERMINATION to create a POSITIVE out of a negative. The good will come, and we can respond beautifully to it; but as the negative comes (the bad prediction) we sometimes falter and lose our balance and feel the world crumbling in about us.

Thus, by honestly predicting the bad, perhaps being forewarned is FORE-ARMED. Perhaps we can see how we can change our thinking, our approach to life. The important thing is that we react to the situations of life correctly which simply means constructively. Thus will come a growth of the character, of the personality, a soul growth that will last for eternity.

One of the most frequent questions asked is, "How does a psychic actually receive a prediction? Does he simply sit down and say, well now I am going to formulate a prediction? Or does it come as some supernatural, divine revelation?" I have found in answering such a question that it is well for me to answer just for myself, from my own experience. I have never in my life

sat down for a prediction. I have been pressed by individuals or by groups or by reporters to make a specific prediction. This I am unable to do.

When I make a prediction it is because that particular prediction has come to me -- most often as a result of a question asked.

For an example, one may ask, "What will be the outcome of a particular investment?" And I will say to them, "Be extremely wise, be extremely careful. There is going to be a lowering of the stockmarket and you will lose." Therefore I am able to say to the general public that at such a period of time the stockmarket will drop. Thus a prediction for a specific period of time is brought into existence through my perceptive sense.

The psychic works on this perceptive sense, not on analytical thinking now on deductive reasoning. There must be an emotional stimulant, but not a personal emotional stimulant. It must be an extremely detached stimulant. Once a psychic becomes personally involved then it has a tendency to destroy the ability of **PERCEPTIVE THOUGHT**. But with a detached emotional stimulant -- a question, a thought, a response, -- a prediction can be created.

A great percentage of things I receive, I receive through mental thought. If you as the reader, were to visualize your living room, or what your mother looked like -- the mental picture that you are seeing is the way I personally receive a great deal of my psychic impressions. It is not a supernatural revelation. It is a very natural functioning of the mind.

When I have my eyes closed, when I am blindfolded, like a blind man, my hearing becomes increased; and I can actually hear words being spoken into my ear. I will hear sounds. Such as at the time of President John F. Kennedy's assassination I heard **SIRENS**. I saw this picture mentally as a confusion around the White House.

There are sounds placed into the ear, and we simply repeat that which we hear. Other impressions or information will come from a genuine clairvoyant ability. This is where I am able to see outside of the mind. I am able to see into the world about me, like you do as you look up from the reading of this page and look at the room about you. You might see the sun rays penetrating into the room. As you see that, that is exactly what I as a clairvoyant would see.

Thus, through these various means, I receive the ability -- not as a chosen individual; but one who through hours and years of meditation, and by developing the mental perceptive abilities, have attained a level of success. You too as an individual, can work with this perceptive ability. You can develop it, you can control it. **YOU TOO CAN MAKE A PREDICTION.**

E.S.P. PAYS OFF IN LAS VEGAS

Rev. Clifford Royse Jr. of Chicago, Ill., earned his title of "Mr. Psychic" recently, 1966 at 11:15 p.m. He is on a national lecture tour and his schedule included Las Vegas, on May 10th and 11th. He came to the fabulous city the evening before. Not being a gambler by nature or even knowing the "name of the game," curiosity brought him to a Keno game. He pulled out \$2.00 from his pocket and said to himself, "If I really have psychic power and if I'm meant to have a Center (his life long dream), let's see some numbers." Numbers flashed before him and he placed the whole \$2.00 on them. Back came \$8,000.00!!!

A Center is in the offing need-

less to say. Rev. Royse will interrupt his tour for a few months to chairman two conventions in Chicago. He will then continue on tour covering the Northern and Eastern States.

E. B. DAVIS OFF IN LAS VEGAS

Las Vegas, Nev., Jan. 10. — E. B. Davis, president of the Nevada State Bar, left for his home in Reno today. Davis has been in Las Vegas for the past several days, attending to business matters. He is expected to return to Reno tomorrow.

Davis is a prominent member of the Nevada State Bar and has been active in the legal profession for many years. He is also a member of the Nevada State Bar Association.

CHAPTER 2

Mr. Psychic Foresaw 1965

All of my life as I have indicated in chapter one, I have been giving predictions. But it was in 1965 that I began to have more people asking me about predictions of the world that we live in.

In 1965 I correctly predicted the re-election of President Johnson. I was asked by a reporter: "Who do you feel will be the next president?" and I immediately responded with a mental, intuitive, inspirational thought, "President Johnson will be re-elected!" and so he was.

All the nation was deeply moved as the shocking news of President John F. Kennedy's assassination by Mr. Lee Oswald was televised. I seemed to feel a compassion, a pity, a sorrow for Mrs. Oswald who was made a widow when the avenging Jack Ruby shot him dead with a revolver. Immediately upon this emotional sensation that I was experiencing, the awareness came to me. Mentally I saw the picture of a wedding scene, and I was able to successfully predict that Mrs. Oswald would remarry before July of 1965, which she did do, thus confirming the prediction's accuracy.

While looking at the situation of Red China, I was able to successfully predict that the chinese during the early spring of 1965 would explode their second testing A-bomb, which they did do.

I met a lady who asked me about her son in Seattle, Washington. In response to her question I said that it would be well for him to leave that area, and I predicted to the time the EARTHQUAKE that did shake the city of Seattle, Washington.

I was able to predict that Australia would enter into war with Viet Nam.

I also predicted that before the summer of 1965 there would be sex scandals in the Pentagon and in Capitol Hill, WHICH DID TAKE PLACE. The Jenkins case was a very good example of this.

I am also able to predict the death of individuals whom I may be concentrating upon. For instance, I was able to predict in 1965 the death of SIX BIG NAME COMEDIANS: Gracie Allen, Harpo Marx, William Bendix, Eddie Cantor, Percy Kilbride of the Pa Kettle fame, and Stanley of the great Laurel and Hardy comedy team.

I predicted that, near the end of the year 1965, "Ike" Eisenhower would have another heart attack... which he DID have.

I predicted that the famed Krebiozen drug would produce lawsuits after lawsuits. This was well covered in most papers throughout the United States.

I predicted that the U.S. government was going to be able to produce in July of 1965, actual pictures of the surface of Mars, but it would show no life on the planet. True to the prediction, the pictures relayed to earth by means of Mariner 4, showed no signs of life on Mars. Some form of intelligent life may indeed exist on Mars, but that will have to be determined by later probes.

In Chicago, the newspaper headlines proclaimed that the taxi companies were striking -- another prediction that came true.

I predicted that the religious leader Billy Graham would be hospitalized. He was. I predicted that President Johnson, in August of 1965, was going to have a health setback that was going to alarm many. I stated that it would not be fatal, and that he would respond beautifully. This took place as predicted, but not in August, but in October, a difference of five weeks.

With predicting, the most difficult factor seems to be that of TIME. It is most difficult to pin-point time, because we are living in what is called the third dimension. Actually the predictions from observation came to us from a FOURTH DIMENSION, a dimension where time does not play an important part. Therefore, in transferring from one dimension to another, we must work toward gathering as much data as we can that will indicate to us a time element. I do have an extremely good accuracy for what I say, but on occasion there is a time lapse such as in the prediction just stated.

The ability to predict time, like any other talent can be developed. It can be worked with. One of my greatest efforts is being placed towards the ability of being able to predict time more and more precisely. Whatever I predict, I make an effort to be able to place it according to a time element. Happily, in getting the perceptive mind to function in this way, there is a gradual but real deepening in the accuracy of the time element.

As a psychic becomes much more developed, as we begin to find more of the laws and rules governing predictions, we are certainly going to ADVANCE AND HAVE A GREATER AND GREATER ACCURACY. Today the psychic does not have the tradition, the seminaries, the schools of formal education to say to him, "Here are the rules. Here are the laws. Simply absorb them." My grandchildren, my great grandchildren, will have a tradition to follow. But we today, the psychics of this era, are the PIONEERS. WE ARE CREATING THE TRADITION FOR THE FOLLOWING GENERATIONS.

CHAPTER 3

Prof. Roll of Duke and the 1966 Predictions

Even for a psychic, there are unexpected things that happen during a day's routine. Friday the seventh of May, 1965 was destined to be one of those days. I had just arrived at the Psychic Center at 32 N. State Street in Chicago, when the phone began to ring.

It was my stepmother who very excitedly began to tell me that she had accepted a long distance phone call from Durham, North Carolina. It was Professor W. G. Roll, the psychic investigator at Duke University.

Prof. Roll had called and wanted me to leave a message at O'Hare airport in Chicago, telling him when and where he could see me. I did so.

The next two days led to study into my psychic ability. The suggestion of Prof. Roll was that I should begin to record on paper word for word the predictions that were coming through my ability. He suggested that if only a percentage of them were proved to be accurate, it would be an amazing phenomenon. So, because of this man we have begun a new process where we have put into writing events six months in advance -- **PREDICTIONS FOR THE FOLLOWING YEAR.**

Prof. Roll has a B.A. degree and Bachelor of Literature degree, and was president for the 1964 annual year of the Parapsychology Association, which is the international professional society for the field of parapsychology on psychical research. He is now the project director of the Psychical Research Foundation, Inc., located at Duke University at the College Station, Box 616, Durham, N.C.

Therefore, because of the suggestions given by this scientist to me on October 1st, 1965, I presented to the public my 1966 personal impressions and predictions given through my extra-sensory perceptive, psychic mediumship. These were distributed to ABC, CBS, and NBC networks.

They were also distributed to Duke University, and there has been over 15,000 copies distributed throughout the United States. These are first-hand distributions, not counting those that have been read over radio and television throughout the United States. On October 24, 1965 one of the leading newspapers in Chicago, Illinois -- the Chicago American -- printed on its front page the bold headlines: "Cancer Cure Predicted - What a Psychic

Sees for 1966". And there they listed eleven of my predictions.

Also in December, 1965, a Psychic journal, The Cosmic Star, printed my predictions along with a fine article.

Throughout the United States we have heard from people that have in turn heard of these 1966 predictions. They have asked for copies. They are saying that they are watching it for its accuracy. We feel that we are stimulating a greater interest in the psychic perceptive ability of PROPHECY.

The following is my list of 1966 predictions:

1966 WORLD PREDICTIONS OF "MR. PSYCHIC"

Presented October, 1965

1. A United States Government-supported team will come out in the spring of 1966 with a positive cure for cancer which will be similar to the famed Krebiozen cure. If care is not taken, Doctor Ivy will not continue in good health and will retire because of his ailing health.
2. All present-day fire fighting equipment will be out-dated by a compound that will be shot from a rifle-type machine, operated by one man. This compound will put the fire out immediately and can be swept up without leaving any damage. Will be introduced in 1966 but not used widely.
3. A definite corrective cure for hardening of the arteries, thus lessening strokes and heart attacks.
4. A pill to produce more and longer hair on balding heads.
5. Ultra-sonic techniques will be found to help certain types of mental disorders.
6. A public announcement that most virus germs have become immune to present-day antibiotics.
7. Breakthrough for the realities of pre-determining the sex of a child.
8. Birth control injection to prevent conception for a minimum period of 3 months to be taken by males.
9. Religious leader, Billy Graham, will be hospitalized again, but a warning should be given about a cancer in the stomach area.

10. U.S. space craft to land on the moon and then return pictures and other reports to earth.
11. A warning for Pope Paul who will undergo surgery and will never fully recover.
12. Elizabeth Taylor will be very ill - a great care must be given to her health. A form of cancer in the lymph glands and a warning should be given to her of this strong possibility.
13. A warning of a stroke for F.B.I. Chief J. Edgar Hoover, leaving his job open to a younger, thinner, taller man, possibly from the Midwest.
14. Mr. Castro will be assassinated by Cubans.
15. A warning about Jack Ruby taking his own life.
16. Natural death of President Charles De Gaulle.
17. Former President Truman will be in the hospital. Great care must be taken to keep him from terminating life during 1966.
18. A warning that Prince Philip will be hurt in an accident, spending about eight months recovering, thus producing a new closeness between him and the Queen.
19. A warning for the Duke of Windsor to take care against a fatal heart attack.
20. No major war for at least five years - there will be a greater coexistence between the U.S. and Russia.
21. Civil wars in France, Cuba, Morocco and Puerto Rico.
22. China will become an aggressor, but fear of a third world war will keep the U.S. and Russia out of the picture.
23. Another change of government in Russia - a taller, thinner man taking control.
24. Meeting in France by President Johnson and President De Gaulle.
25. World stock market will be somewhat lower.
26. A new police commissioner in Chicago.

44. About 2/3 of newspaper printing will be in high color at end of 1966.
45. A warning for the late summer of 1966, President Johnson will have another setback of health, which will alarm many, and will force a more limit pace for him.
46. There will be the largest race riot taking place here in Chicago between the white and colored race during the spring of 1966. Lives will be taken and the Vice-President of the United States will be assigned to this area to take complete control and the government is going to send its armed men to establish peace. The race riots in this portion of the country will far exceed any that have taken place thus far.
47. Illinois Senator Dirksen will be hospitalized and a warning should be given for the saving of his life.
48. A warning of the greatest care for the leader, Martin Luther King; a danger of assassination.
49. There will be in this country a large strike in many industries and in transportation all about the same time which will cause a hardship. The President of the U. S. will have to intervene to establish order. It will be the beginning of a different level of financial spending. I am not telling you there will be a depression; I am simply telling you that it will usher in an era that could bring on a depression or a war and I predict that it will be a major war against Red China and it will come into existence in the year 1975.
50. The U.S. steel companies will strike. The railroads and airlines will strike. The bus companies will also strike... deepening the national transportation problem.

STOCKS PLUNGE 11 POINTS

From Herald-Examiner Wire Services

NEW YORK, Aug. 16—The stock market closed today with one of its worst price losses of the year enforced by the plunge of the Dow Jones Industrial Averages to a new low. At the closing bell the DJ stood at 823.83, off 11.02.

Blue chip leaders such as GM, Kodak, General Electric and Du Pont suffered price losses from \$1 to \$4 a share. Steels and utilities managed to hold a bit firmer.

Brokers attributed the market selloff to discouragement over economic prospects.

(See Business Report, C-3)

The Stock Market did drop a total of 25 points since February -- this is the greatest decline since 1964. (See my predictions #25 and #42.)

With his "knowing way" (Intuitive Perception) Mr. Psychic was enabled to accurately forecast this Stock Market decline. There is a great difference between merely "guessing" about future events and being able to perceive Truth.

Economist Says Slump Is Good

SAN FRANCISCO, Aug. 8 (AP)—A noted business economist says it would be good for the country if the financial market were shakier.

Theodore J. Kreps, emeritus professor of business economics at Stanford University, said in an interview that a financial slump gets investors out of the "gambling" habit and makes everybody take an honest look at what underlies the general prosperity.

He added that "anti-social" factors such as the Viet Nam war make stocks rise in value.

"I don't suppose that anything could hit Wall Street harder than if Ho (Chi Minh) would say 'peace,'" he said.

(HEADLINE ABOVE APPEARED IN LOS ANGELES TIMES, AUG. 6, 1966)

On previous day, Aug. 5th, Martin Luther King was hit under the right ear by a stone thrown at him during civil rights march in Chicago. Mr. King recovered from the injury, but as "Mr. Psychic" foresaw back in October of 1965, an assassination danger exists for Mr. King and he should be very careful. Watch news events closely, for verifications of predictions.

CHAPTER 4

Later Predictions of 1966

◆

Due to the fact that we are putting our predictions in print six months in advance of the coming year, there are several predictions that were given for 1966 that are not included in the original list. It is the purpose of this chapter to present to you the predictions that have not been previously included in the original fifty.

While appearing on Mr. South's "Hotline" on radio station WVON in Chicago, Illinois, I was asked by a listener who had telephoned in, what my impressions were concerning the championship title fight for which Cassius Clay and Sonny Liston were competing:

I predicted that Cassius Clay would knock out Sonny Liston and thereby he would retain the world title in 1966.

On New Year's Eve I was invited to appear on the American Broadcasting Station, in a television appearance on the "At Random" show. The conversation got into a discussion with Congressman Barrett O'Hara of the state of Illinois, and Congresswoman Charlotte Reid, in regard to the future of the Viet Nam war. They were of the opinion that peace terms would be negotiated since the bombings had ceased.

I at that time stated on the air that with my psychic perceptive abilities, I saw that the Viet Nam war would continue... that the bombings would again start as they did do, three weeks later... and that the Viet Nam war was going to be one of the longest wars, that it would continue into the year 1975, and that it would usher in the Third World War, with Russian troops coexisting with U.S. troops against Red China.

While on the first part of the Psychic Tour of the United States in which we traveled over ten thousand miles, five months of touring found me on television and radio more than any other psychic. During our stay in Phoenix, Arizona on a special interview for the evening CBS television newscast, I was asked by Mr. Hogan Smith, a reporter for CBS, for a prediction for the city of Phoenix. With an immediate response I began to talk about an individual that had a top secret formula for creating fresh water and as a result, the desert lands would become livable. Because of the increasing earthquakes on the West Coast, and the future use of the desert, I stated that Phoenix would become the largest city on the coast.

The collection was purchased in 1908 and is now in the possession of the British Museum. It contains a large number of objects, including a large number of coins and medals, and a large number of other objects of interest.

The next day a group of three men accompanied by the reporter, Mr. Hogan Smith, spent several hours with me talking about the top secret formula for the creation of fresh water. I was able to give many predictions about the formula and its tremendous future. The CBS news department was so impressed with the story that they had a follow-up report on the next night's newscast.

On the NBC television news in San Diego, California I predicted that the city of San Diego would not be the victim of a major earthquake within the next two years.

The Republican Party will do better than it has done in years, and for some time now I have been getting the psychic "word" to the effect that our next President is likely to be a Republican. I predict that the Republican Party will win the next Presidential election, strange though it might seem to us now. In order to build up enough power to accomplish this, the Republican Party should make a very good showing in the state elections this year.

In the unusual city of Denver, Colorado, talking on the radio to Mr. Bill Barker on the Bill Barker Show, I predicted that the new atomic plant would NOT be built in Denver but in the Mid-West.

With my ability to make predictions I have tried to assist in lessening the problems of the predicted "Race Riots in Chicago". While on television during the Channel 26 "Hotline" program I gave a description of a man that was an instigator, along with the suggestion that he be carefully watched.

To a professional artist who is a member of a security team I described another man that I "felt" should be watched in connection with the "possible Martin Luther King assassination."

The "Phil Lind" radio show on station WAAF in Chicago presented an opportunity for me to make the prediction that the United States Stock Market would gain in stability during the October period of time.

It would take many secretaries and much work to get a record of the many predictions given to the thousands of individuals that I see both publicly and privately during a given year. Let the above examples be sufficient to stimulate your interest into a deeper and fuller study of the phenomena of making predictions.

Worst Earthquake in 98 Years Hits Tashkent

WORST QUAKE IN 98 YEARS LEAVES RUINS IN TASHKENT

The worst earthquake in 98 years hit the Soviet Union's ancient city of Tashkent, capital of Uzbekistan in Central Asia.

Loss of life among its 1,127,000 people was reported small—four killed, with 130 injured. But the first shock at dawn wrecked the "Old City," the part of Tashkent that is more than 1,200 years old.

Other shocks followed. Mud-brick walls crumbled, roofs fell. Moscow said "several hospitals, schools and public buildings were destroyed."

Russian Premier Alexei Kosygin and Communist party chief Leonid Brezhnev flew to the city to see the damage. For Kremlin leaders, it was an unprecedented thing to do.

NOSTRADAMUS PROVEN CORRECT

By VIOLET BARTON

"The earthquake shall be so great in the month of May..." said Michael Nostradamus in his prophetic verse 67 of Century X. And in Century IX, verse 83 he says, "The sun being in the 20th of Taurus, the earth shall so quake. That it shall fill and ruin the great theatre, ... the air shall be so obscured and troubled, that unbelievers shall call upon God, and his saints." Now the 20th of Taurus is in reality the tenth of May, Taurus beginning April 21-22.

On May 11th an announcement came over the radio that a severe earthquake had hit in northern Russia on May 10 and that 28,000 buildings were destroyed, leaving 35,000 families without shelter. This strange announcement left us expecting to hear more about it on Television or in newspapers, but we heard nothing.

"Unbelievers shall call upon God and his saints" -- isn't Russia trying to make her people unbelievers -- atheists? This seems to pin-point Russia as the place referred to in the prophecy.

Finally on May 20th we checked at the Times library for

clippings regarding earthquakes in Russia around that date. We found a few small items as of May 11 May 12 and May 16. Said the man at the "morgue" "We've got a good man over there -- sends us back what news he can -- but it's hard to get anything out from under that iron curtain!"

Points to consider: Only 10 persons died in this earthquake, but Nostradamus did not predict that many would die. The word "unbelievers" could refer to people in Russia, 28,000 buildings were destroyed and 35,000 persons were left homeless by the disaster. It is entirely possible that many of the people did pray during the trouble, but if so, Pravda would never disclose that to the world. We believe that the basic conditions of the prophecy of Nostradamus regarding May 10th were fulfilled by the earthquake of May 10th 1966 in Tashkent, Russia. Nostradamus made another prophecy in which he refers to "the new city by the major fault line," which many students think is Los Angeles, California. This second prophecy does not appear to have yet been fulfilled.

The first quake was on
April 26, 1966. Followed
by second and worse quake
on May 10th, 1966.

The renowned prophet of the middle ages "Nostradamus" made clear the events affecting all mankind, which every day is being studied. There are so many "proofs" regarding the accuracy and fulfillment of prophecy, that it would take volumes to explore the field fully. Skeptics can no longer afford to over look the possibility of man's ability to forecast and then plan his future.

CHAPTER 5

1967 UFO Break-Thru'

THE DESTINY of the year 1967 is to be listed among the most unforgettable years. It will be year of great dilemmas which will result in a major turning point of the hands of time. It will usher in the era that will awaken our perceptive consciousness.

We might even say that we of this year will see the BEGINNING of the building of a new world and universal order. In reality the true end of the OLD world order, building towards a NEW WORLD.

The year 1967 will be the year when the earth-loving people, the materialists, will have a "jolt" or perhaps it should be said "a series of jolts" that will arouse inner fears within the earthy masses of people.

This then is the year that I predict that we shall see the beginning of the SIGNS and WONDERS predicted by the seers of old.

Unidentified flying objects -- "UFO's" -- more commonly known as flying saucers, are foremost on the list of such signs and wonders.

As more and more people are discovering, UFO's simply cannot be successfully wished away, laughed away, or put entirely out of mind. Far from being a joke or a figment of some people's imagination, UFO's are coming into greater prominence with each passing day. 1965 and 1966 were banner years for the flying saucers -- with worldwide sightings as well as landings of the craft in various parts of the planet.

The August 9th, 1966 issue of Look Magazine carried a clever cartoon that neatly sums up the truth of the UFO situation. The caption was : Object-ion. It showed a man walking along minding his own business, when all of a sudden, a miniature flying saucer complete with a tiny man inside it, comes sailing down from the sky. The man notices it. He catches it in mid-air and looks it over casually. Figuring it doesn't amount to anything, he tosses the flying saucer and its occupant into the nearest trash can.

That is typical of how earthman in general has treated the UFO mystery. Not being able to comprehend it, or grasp the universal scope of the flying saucer problem, he has just ridiculed it and tossed it out of his sight. The idea being, I suppose, "out of sight, out of mind." Simpler that way.

Black-Tail

Black-tail is a small, slender, and very active animal. It is found in the mountains of the West, and is very common in the region of the Colorado River. It is a very hardy animal, and is able to live in the most barren and desolate regions of the mountains.

In the final act of the cartoon, we see the flying saucer popping out of the trash can, where the man had put it, and flying away . . . to the astonishment of the earthly citizen who had written the UFO's off as being of no account.

It might just be that the operators of the real flying saucers which have been sighted world-wide in ever-increasing numbers since 1947, "object" to being ignored, and their objection is getting stronger and stronger.

For instance, Mr. John G. Fuller, in his book "Incident at Exeter", tells of the recent UFO "flap" that began at Exeter, New Hampshire, and which involved numbers of reliable citizens including policemen. Mr. Fuller documented the UFO sightings made by all of these witnesses. He admits quite frankly and honestly that what happened at Exeter is only a tiny sample of what is apparently happening at various places all over the world.

The UFO sightings (many at close range) which started at Exeter, did not confine themselves to that locality, but spilled over into Michigan and Pennsylvania. On March 20, 1966, truck driver Frank Mannor and his 19-year old son Ronald, with his sister Diana, 18, and Mrs. Mannor, all saw a pulsating red object about the size of an automobile land in an area where the ground was low and swampy.* Mr. Mannor and his son got within 500 yards of the glowing object before it suddenly took off, making a high-frequency sound that was audible to the family as it flew over their house.

Something very big -- insofar as UFO's is concerned -- appears to be close at hand. Psychically I have the positive feeling that 1967 is slated to be the year when amazing "breakthroughs" in regard to the UFO's will be made along several important lines.

I therefore predict that the 1967 UFO Break-Through will include:

1. Increased sightings of Flying Saucers in 1967.
2. Official announcements, tactfully worded, will be made by recognized government men, telling us that UFO's are real...that they are vehicles from outer space primarily, but also there are some earth-built UFO's.
3. News to the effect that certain UFO's are being built right here on earth at a secret base by a private group of independent scientists.
4. Startling evidence that "Telecommunication" (mind-to-mind communication by telepathy) is not only possible, but is now being practiced between men on earth and the occupants of the so-called flying saucers in space!
5. Disclosure by scientists of the Soviet Union of a new motive power

...the ... of the ...

...the ... of the ...

...the ... of the ...

...the ... of the ...

...the ... of the ...

...the ... of the ...

...the ... of the ...

...the ... of the ...

system known as the "mechanical accelerator" which is capable of propelling a flying saucer or spacecraft at fantastic speeds on a direct, non-elliptical straightline course to the moon.

6. Recognition by a few world scientists, that the speed of light as an "ultimate velocity" is only a fictitious barrier. Speeds through the "wall of light" will be seen as feasible, because of new concepts of reality which the development of the mechanical accelerator will make clear. With this new understanding, it will be quickly seen how spacecraft could visit our planet from other galaxies by travelling faster than the speed of light. Thus will fall a great barrier to our understanding of the REALITY of UFO's as coming from other planets or other star systems. It simply does not require "light years" of travel for them to reach us if they go thru the wall of light.

7. Disclosure to a limited number of scientific groups and Ufologists in the United States, of another incredible motive system now in actual usage by the Visitors from other planets. Technically known as the "Hydroelectromagnetic Plasma" propulsion system, this new and superior motive system will open up the Doors of the Universe to earthlings. As foretold centuries ago, by the French Prophet Nostradamus : "The Great Motor reneweth the Age." This new system will be opposed, but no man can hold back the Dawn.

My psychic impression is that many more individuals all over the world, will actually be impelled by their own unique destiny patterns, to awaken to the awareness of UFO's as realities. 1967 is destined to trigger multitudes of such awakenings. Many more persons will sight UFO's in the skies.

Landings of the flying saucers will continue world-wide.

The real purpose of the UFO visitations will be clarified in 1967.

In summing-up, I predict that break-throughs in the UFO field will be made on numerous levels next year (1967); purpose, propulsion, telecommunication, and world acceptance will be very high. A method of predicting UFO sightings in advance, by readings the P and S waves of earthquakes, will be publicized. So we can look forward to quite a terrific year in 1967!

In 1959, the Associated Press carried this highly significant statement by Professor Hermann Oberth, who was one of the experts at the German Rocket Station at Peenemunde on the Baltic Coast northeast of Berlin: "I am convinced that the things called flying saucers are REAL and perhaps are manned by the 'Vikings' from another planetary system. We cannot produce such 'saucers' yet...thus one concludes that these flying objects are the exploring ships of another solar system, or even of a far-off fixed star."

Many Report Seeing Flying Objects In Graniteville Area

Strange things were reported to have happened last night in the Upper Graniteville area.

An odorless and soundless but not shapeless, unidentified flying object was reported in several locales of the area at between 8 and 10 p. m.

At the first of the several sightings, a ball park in the outskirts of the area, children who had been playing ball reported seeing an object at dusk.

David Blouin, 15, and Steven Gilbert, 16, said that a thing that looked like a shooting star, brilliant white and giving off sparks, came toward a large rock pile in back of the ball field, made a half circle around the pile and then went straight up until it was out of sight.

The boys ran to a house to tell adults about the sighting.

Mrs. Russell O'Hara called state police after she and her husband had gone back to the scene with the children. She said that she didn't see anything but that the kids were scared. She called the state police about 9:15.

The state police didn't have a cruiser in the area and called Donald Denko, a deputy sheriff from Graniteville. He reported

that he drove around the area and talked with several people who said that they had seen the object. Denko said that he didn't see anything. He stayed and cruised the area until about 10 p. m.

Bonnie Blouin, 12 - year - old sister of David Blouin, ran upstairs to her bedroom after hearing that something was outside. She said that she saw a big round circle of light that looked as if it were coming down steps and went off and on until it shot way up in the sky and disappeared.

At 10:30 she said that she saw the same thing but this time it went over the top of Pleasant Mountain, in back of the Blouin house.

Janice Donahue, 13, was playing outside last night with her brothers and sisters, when, she reported, she saw the object.

The Donahue house is still in the Upper Graniteville area, but out of town and much higher than the community.

She said that she watched a large oval shaped object heading along a ridge coming from the direction of Orange.

She claimed to have watched the object for at least half an

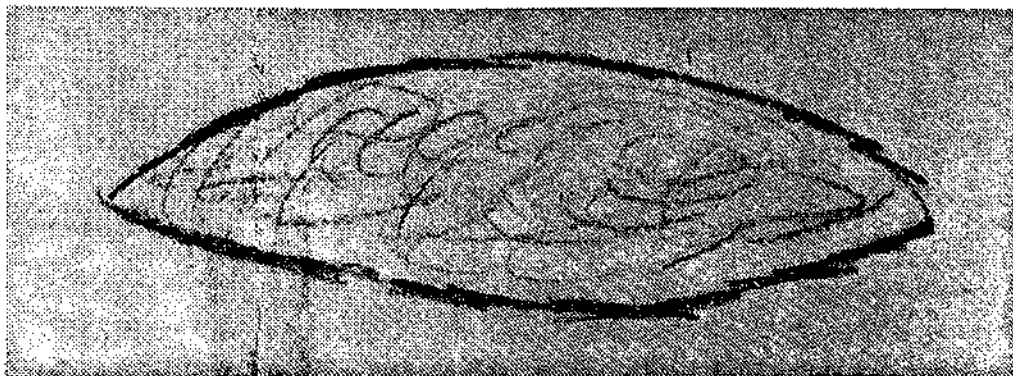

hour and said that it had flashing white and red lights which would dim and then brighten as the object moved along at a slow rate of speed.

She watched the object climb to the microwave tower that is on top of a hill. She said that the thing hovered directly over the tower for a few minutes and then seemed to grow dimmer and finally disappeared over the hill. The tower is plainly visible from the Donahue house.

At still a higher elevation, Mrs. George McCarthy watched with her husband and son Carl as the object hovered almost on the horizon. She said that it looked like a large star with an orange and white color.

Mrs. McCarthy said that the object was stationary for some time and then moved along the ridge toward the tower. She went inside, but her son Carl stayed and watched as the object went near the tower but slightly to its left.

She said that Carl told her that the object suddenly started shooting sparks and then either exploded or disappeared over the hill.

HOW IT LOOKED — This drawing by Janice Donahue, 13, of Upper Graniteville is her conception of the UFO she and others saw last night in the Upper Graniteville area.

Flying Object Ventures Out In Barre's Daylight

The first daylight sighting of an unidentified flying object in this area occurred yesterday at about 11:50 in the East Hill area.

Mrs. William Payne spotted the object coming over some trees about 400 feet from her house where she and her husband reside.

The white object, she said, was about tree top level and moving slowly with a vibrating movement up and down.

She couldn't estimate the actual size, but said that the object came from the Orange or Graniteville direction, then traveled by the side of the house.

Dented

She said the object was longer than it was wide and that it looked as if it had been hit or had run into something because the front of the object seemed to be dented.

Mrs. Payne said that it was flat on top, had rounded edges and had something that looked like a half an orange hanging from the bottom.

The object stopped about three times in the two or three minutes that she watched it. It traveled in a straight line, but every time it stopped it would turn all the way around until it was headed in the same direction that it started from she said.

She was talking on the telephone at the time the object came into her view, with Mrs. Fred Wheeler also of East Hill but about one-fourth of a mile away.

While the women were talking and after the object passed out of Mrs. Payne's sight, Mrs. Wheeler's daughter said that she saw the object. Mrs. Wheeler hung up the phone and went to look. She also saw the object outside.

Chickens Upset

Mrs. Payne said that she didn't hear any noise, but that her chickens must have seen it because they were upset and

making a lot of noise in the yard.

Mrs. Wheeler called the Barre-Montpelier Airport and was transferred to the Montpelier Flight Service.

Later on in the afternoon a Major Doyle of the intelligence division of Plattsburgh Air Force Base called both women.

According to the women Doyle was interested in knowing the size and shape of the object, the distance that it was from them and if it had any

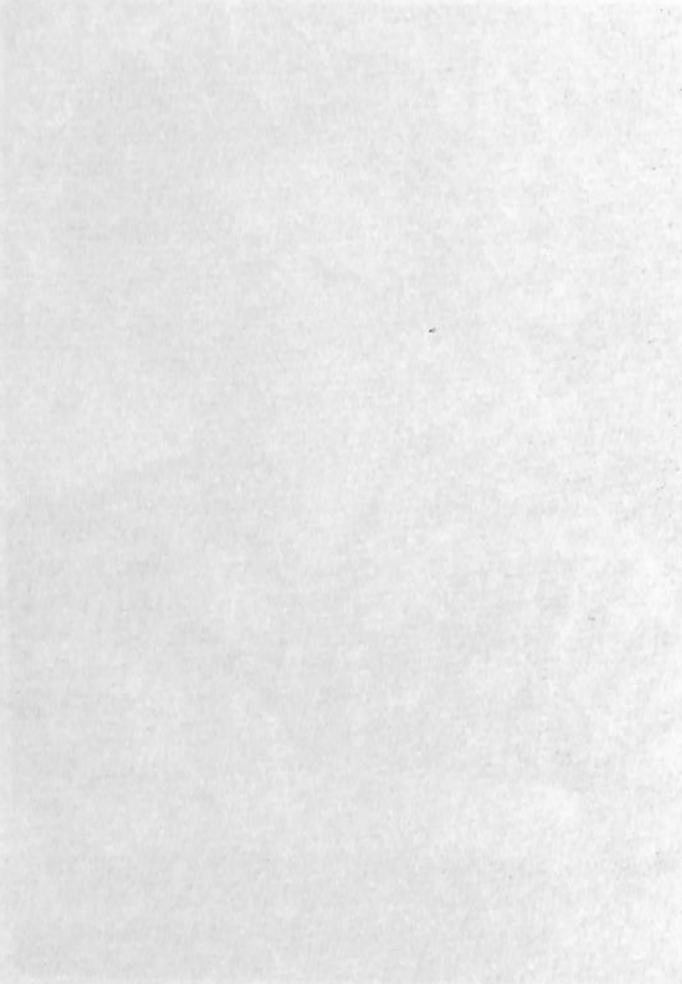

markings.

Major Doyle was reached by The Times-Argus this morning and would not give any comment, except to confirm that he had talked with both women yesterday afternoon.

Mrs. Wheeler said that the object appeared to be about 2,000 feet from her house and was traveling at a slow speed toward Plainfield when she lost sight of it.

She said that the object was in her sight for three minutes.

A VERY GOOD REPORT OF UFO SIGHTING.

April 12, 1965

Dear Sirs:

On August 25th, 1960 I was awakened suddenly at 5 A.M. My room has two windows, one on North side and one on East side. Something drew me to look out of the East window where across the street, high above the neighbors house was a large glowing fluorescent bluish-green oval object standing on end and looking a lot like the shape of an egg.

In the center of this oval object was a bright orange light that looked much like the headlight of a car. I noticed the sky was gray -- not a cloud in it as far as I could see. Day was faintly starting to break.

I watched it for about three minutes then went to wake my husband in another room to come and see; but he was too sleepy to be interested. He just turned over and went back to sleep. I hurried back hoping it would still be there and happily it was. I stood watching it for at least three or four minutes when the glow in the oval suddenly went out. Oval object was dark but the orange light in center was still there, and now like a halo of about 10 inches was the fluorescent, bluish-green light around the dark large oval.

I kept watching it very fascinated. Suddenly it was gone, but where it had stood were many long and short white lines remaining till daylight which at last came and seemed to absorb these white lines.

I have read and heard of Saucers. Do you suppose this was a Saucer? Also am wondering what caused me to awaken at that early hour as I don't wake till around 7 or 7:30. And what was it drew me to get up and look out of that East window? I have studied Five-Fold Philosophy and still get many of the Monographs. Just recently got TIME NO MORE. But I never expected I would ever see any of the unusual experiences others have had.

Thanking you very much for the privilege of being able to tell someone of this who I feel won't laugh it off as others have.

Very truly yours,
Mrs. E. J. Herrick

Study of Saucers Urged by Expert

CHICAGO, April 12 (UPI)—The man who may know more about "flying saucers" than anyone else said last night he has records of at least 20 well documented UFO sightings which "I have not been able to explain."

Dr. J. Allen Hynek, head of the astronomy department at Northwestern University and the Air Force's chief consultant on UFOs since 1948, said 16 of the sightings were by scientists and highly trained persons.

He urged the Federal Government to commission an extensive, independent scientific study of unidentified flying objects.

Hynek, in an interview from his suburban Evanston home last night, said he made the recommendation to the House Armed Services Committee during hearings in Washington last week.

He proposed that a group of independent scientists be drawn from the nation's universities with the aid of the National Academy of

Sciences, and that psychologists and sociologists be included on the investigative team.

Heretofore the Air Force, primarily with military personnel, has been conducting investigations of UFO sightings through its Project Blue Book, to which Hynek is adviser.

"Any phenomenon that has been with us for such a long time—20 years—deserves study," Hynek said last night. "While there are many cases that don't need study, there are some that do."

He said his files contain at least 20 "particularly well reported UFO cases which, despite the character, technical competence and number of witnesses, I have not been able to explain."

Thousands See Strange Lights Rotating in Sky

FT. SMITH, Ark. (AP)—Several thousand people, including police officers and newsmen, saw unusual lights in the sky over Ft. Smith late Monday night.

Sgt. J. W. Gilbreth Jr., 38, a six-year veteran of the Ft. Smith Police Department, said he saw the objects. This is how he described them:

Four red lights, stationary but seeming to rotate like a police patrol car warning beacon, were spread out in the sky like points on the corners of a square.

One set of red and green lights appeared, then a white blinking light, then a steady white beam of light, all moving separately, in straight lines, from one to another of the four red lights.

Visible Three Hours

"What we saw were lights," Gilbreth said. "What they were on, I can't say."

Gilbreth said he observed them for about an hour. Others said the lights were visible for about three hours. Gilbreth said he saw crowds of about 60, 350 and 600 watching the lights as he drove around the city.

Newsmen John Garner of radio station KFSA, Ft. Smith, broadcast his description of the lights while watching them with a crowd of about 1,500.

Little Rock Air Force Base reported that it knew

of no aircraft in the area.

"Apparently they saw something over there last night, but we don't know what it is," a base spokesman said.

Capt. James Ector, base information officer, said that from Jan. 1, 1947, to Dec. 31 of last year, 10,047 sightings of unidentified flying objects were reported and all but 646 were explained to the Air Force's satisfaction.

Gilbreth said the lights he saw made no sharp maneuvers, and there was no fire, no smoke and no noise. He said other witnesses told him that when the lights disappeared, they seemed to "just blink off, not gradually fade away."

Mollie Gets The Message

By SARA STRINGER
State Journal Women's Writer

Mollie Thompson writes and records songs, but she swears she does not compose them. The humorous lyrics and catchy melodies come to her from outer space, says the English girl, now visiting the Bernard Jonas family near Williamston.

For Mollie, the message of the "space songs" is serious and in spite of the humor. The slender young woman, who resembles a grown-up Hayley Mills, has published 10 of the songs and feels they are her mission for a group she calls the "Universal Link."

Mollie says the songs contain prophecy. She feels she was "born to help prepare the world for an outer space ruler who is coming in late December of 1967."

Mollie is not a wild-eyed kook. She is a composed and witty entertainer, a vivacious woman, a former elementary school teacher in England, and a dedicated follower of her admittedly out-of-this-world faith.

Mollie misses teaching, but believes, "Many people can teach little children, while few can make the spiritual contact necessary to understand the cosmic phenomena now surrounding us."

MISSIONARY ZEAL

She feels her mission is "to help prepare humans for the spiritual breakthrough which is coming." She attempts to do this through her songs and lectures.

Mollie made her "actual contact" with flying saucers in 1964 with a group of four others on a beach in England. She says a friend of hers, successful in extrasensory perception,

while meditating, literally "received, as if she were a radio set, a message from a being who identified himself as the commander of a saucer."

The voice in the woman's mind informed her of his desire to contact a group of five "believers." Mollie, Anthony Brook, a world traveler and lecturer, the woman, her skeptical husband, and another friend went to the appointed place at the appointed time.

Ten minutes later, according to Mollie, a "pulsating yellow-white light of great intensity appeared over our heads and simply formed geometric patterns for 20 minutes before streaking away."

The ESP expert spoke of a feeling of great peace. Mollie was disappointed, since she had expected a tangible contact. She now feels she was "contacted at a subconscious level."

Almost a year later, according to Mollie, "words and phrases and sounds dropped into my mind. At first, I thought it was my imagination, but I did begin to write them down. They fit together... I somehow knew they were to be a song."

MELODY CAME NEXT

A few weeks later, while strumming her guitar, she struck a few chords, then "be-

gan to hear a melody." She is not a trained musician and could not write it down. So, she got out a tape recorder and began to sing the songs.

Soon after, Anthony Brook came to America. He brought Mollie's tapes with him and played them for the president of Amalgamated Flying Saucer Clubs of America in Los Angeles. The organization decided to bring Mollie over in July for its convention in Reno.

In the meantime, Mollie cut a private recording of her saucer songs. These continue to sell although they are not advertised. The music is in a folk style, written, she says to get the message even to the simplest of people. One of the first songs was the "Cockeyed Ballad." Mollie gives it a Nancy Sinatra touch on the last line of each stanza:

"... Those flying saucers
whisking through our skies,
Must take some power to make
them rise.
But government departments
just hide their eyes,
And call them meteors.

"Got brothers on Venus and
Saturn it seems,
Fly their ships on magnetic
beams,
They wear one-piece suits and
you can't see any seams—
But apart from that... they're
just like us."

One night she wrote three songs, complete with music, in an hour and a half. This,

she says, convinced her that they were not of her doing.

UFO INTEREST

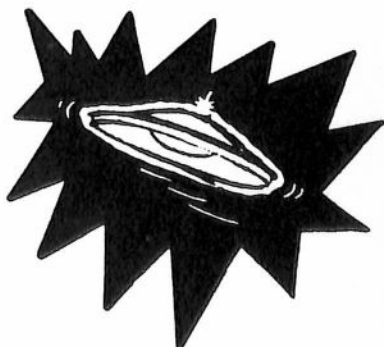

Before the saucer incident which inspired the songs, Mollie was already interested in UFO's (unidentified flying objects). She raises an arched eyebrow when she calls them "unidentified."

Mollie was secretary of a saucer club in England in 1959. She gradually became tired of the reports of visitation by space craft and "began to look for the reason behind the visitation." She left the club to seek the reason.

During her search, Mollie met Richard Grave, then of Worthing, England. In 1961, Grave created a sensation with his reports of a visit from a "mysterious being," a weeping picture, and a "font which fills with water from an unknown source." The phenomena, Mollie reports, was televised, and personally witnessed by more than 100 persons, including the "English Church Bishop of Chichester."

Grave formed an organization known as the "Universal Link" to spread the news of the "miracles" which occurred at his home. Mollie believes she is guided by instructions from the outer space visitor through Richard Grave. Universal Link Headquarters are now located at St. Anns on Sea, Lancashire, England.

please turn to page 31

'MYSTERIOUS VISITOR'

Mollie says her progress in America has been directed by this "mysterious visitor" and that every step has been inspired. She has spoken at conventions and meetings in eight states. One of these conventions led her to Michigan via a woman from Battle Creek, whom she met at a seminar. She flashed her dimples and laughed. "I just travel where the spirit moves me—you might say."

Mollie uses the entertainment of her songs as an entree for her lecture. She will sing and speak Wednesday at Michigan State University campus under the sponsorship of the Student Activities Board. She lives on donations organizations make to her cause as there is no charge for her time.

Mollie says her songs, besides being entertaining, contain prophecy. They also carry the messages of the Universal Link, which believes in "universal brotherhood," including

the beings they believe inhabit other planets.

"The third wise man is a baby,
"The future looks bright to his eyes,
"For his brothers will be from the planets,
"And his teachers will drop from the skies."

SEES PROPHECY

Molly believes this is a prophecy. Her outlook for the future also is optimistic. She is not certain of the end result, but says "this will be revealed to all in 1967."

Mollie, educated at a college in Matlock, Derbyshire, England, says education impedes acceptance of her message. "My mother, for instance, is with it, but my father, an analytical chemist, refuses to believe in anything he can't put under his microscope."

When in England, Mollie lives at home with her parents and sister in Darwen, Lancashire. When she returns there in January after stops in Wash-

ington, New York, Philadelphia and Chicago, she plans to continue her mission, rather than return to teaching.

"I must bring people's attention to what will later be made obvious to them. People are seeing and hearing things in their own minds, but they don't understand. They need direction to avoid going cracked."

FLYING SAUCERS!

Depth Study Order

WASHINGTON (UPI) — Air Force Secretary Harold Brown today ordered an 18-month "in depth" study of flying saucers.

The \$300,000 study will be carried out by the University of Colorado. Dr. Edward U. Condon, one-time director of the National Bureau of Standards and now a physics professor at Colorado, will head the program.

The study grew out of an agreement reached by the Air Force and the House Armed Services Committee last spring.

The congressional group wanted more information about UFO's (unidentified flying objects) than the Air Force's special UFO office provided.

Brown's announcement said Colorado would have access to Air Force records but would "conduct the research independently of and without direction from the air force."

The National Academy of Sciences will set up a panel to review the Colorado report when it becomes available.

Since 1947, the Air Force has investigated 10,896 reports of UFO sightings. Of these 655 still are listed as "unidentified" for lack of sufficient information to reach a conclusion.

Most of the other sightings were attributed to astronomical displays such as meteors, to missiles, rockets, planes, balloons, and to hoaxes, hallucinations, psychological reasons, mirages, searchlight trails and other causes.

Condon, the man who will direct the new investigation, served for a time as an assistant director of the Los Alamos, N.M. Atomic Laboratory that constructed the first atomic bomb during World War 2.

Brown said several other universities would be chosen by Colorado.

Prophecies of Meher Baba ***The Silent Master***

MEHER BABA

WHEN THE "POWERHOUSE" IS SWITCHED ON, ALL THE "LIGHT BULBS" WILL BE LIT -- ACCORDING TO THEIR READINESS AND CAPACITY...

Of all the wise men of the East, MEHER BABA of India, is one of the most loved and respected of all the living Masters in the world. Baba is known as "The Silent Master." His thoughts are profound and inspiring. This book on World Predictions would not be complete without "the mystic touch of the Eastern Sage." I call your attention especially to Meher Baba's prophecies, for he has made a most important statement regarding 1967. We extend our deepest gratitude to Filis Frederick, Editor, The Awakener Magazine, for her permission to reprint for you here the vital prophecies of MEHER BABA.

PROPHECIES OF MEHER BABA, THE SILENT MASTER

In the Ashram compound, Foundy the old dog, lay dying - and his mistress was feeling very sad. Meher Baba, the Silent Master, came by and tapped out on his alphabet board: "He will live longer than Ghandi " The next day Ghandi was assassinated; the day after the dog breathed his last.

As Meher Baba says, "All knowledge comes to me without effort." Being in the God-realized or Christ consciousness state, his absolute knowledge is continuous and unbroken, as well as his absolute power and absolute bliss.

Being neither Yogi, Saint nor psychic, knowing the remote future and the remote past requires no effort on the part of the Master. However, like all real Masters, though he knows all, he very seldom gives out any hint or gleam either of the future or of the past. When he does it is in his typical casual manner quoted above. If he says anything it is often in cryptic terms (even on world affairs) as if we, existing in the duality and illusion of time, are not prepared to know the future fully.

In 1935 the Master went into seclusion on Mount Abu, in the Himalayas. When he came out of this seclusion he predicted a great war, intensified by a new scientific technique. In 1938, at the time of the Munich pact, he stated: "There will be war. Whether it starts in February or November or December, something will happen which will make them all forget their promises -- that too, from quite a fresh point, Poland or Russia..." The Danzig Corridor, of course, is famous now.

In 1922, in the early days of his first Ashram, Meher Baba said: "War will break out again, and it will be the worst holocaust the world has ever seen. Almost all the nations of the world will be drawn into it either militarily or economically..."

He also predicted that he would travel extensively and his spiritual work would necessitate his going to the western world. He also predicted that he and Ghandi would meet on his first boat trip to the West. This occurred in September in 1931 on the S.S. Rajputana. He also described the disciples whom he would meet in the West just as they looked when they met him many years later.

When we were in India in 1962, at the great East-West gathering of over ten thousand devotees of Baba, of India, Baba stated: "As the Avatar of the Age has taken birth in India, so India will eventually be victorious."

WHAT OF THE FUTURE? The most significant prophecy of Meher Baba centers around the great spiritual renaissance of mankind in the "New Age." In this great spiritual transformation, man will progress from reason to intuition. In his Discourse on the New Humanity given in 1940 Baba says: "As in the great critical periods of human history, humanity is going through the agonizing travail of spiritual rebirth. Great forces of destruction are afoot and might seem

PROPHECIES CONTINUED

to be dominant at the moment...but constructive and creative forces, which will redeem humanity are also being released through several channels and though the working of these forces of light is chiefly silent, it is eventually bound to bring about the transformation which will make the further spiritual sojourn of humanity safe and steady. It is all part of the Divine Plan, which is to give to the hungry and weary world a fresh dispensation of the eternal and only truth.

"The New Humanity will come into existence through a release of LOVE IN MEASURELESS ABUNDANCE, and this release of love itself can come through the spiritual awakening brought about by the Masters...it is through Divine love that the New Humanity will come in tune with the Divine Plan... Divine love will not only introduce imperishable sweetness and infinite bliss in personal life but it will also make possible an era of New Humanity through Divine love; the New Humanity will learn the art of cooperative and harmonious life, it will free itself from the tyranny of dead forms and release the creative life of SPIRITUAL WISDOM.

"It will shed all illusions and get established in the truth; it will enjoy peace and abiding happiness; it will be initiated in the life of Eternity."

How is this release of Divine love to come about? By the work of the Masters guided by the Avatar who is Head of the spiritual Hierarchy. Only the Masters can release in measureless abundance the love that is necessary to spur mankind forward in its evolution and away from the dead forms of the past. And the Avatar as the Qutub or Pivot of the Hierarchy of the time, turns the key. The key, today, will be the breaking of Meher Baba's silence of over forty years.

In 1938 he said : "The present chaos and destruction will engulf the whole world but this will be followed by a very long period in which there will be no war. The passing sufferings and miseries of our time will be worth enduring for the sake of the long period of happiness which is to follow..."

"Great suffering shall awaken great understanding. Supreme suffering fulfills its purpose and yields its true significance when it awakens exhausted humanity and stirs within it a GENUINE LONGING FOR REAL UNDERSTANDING. Unprecedented suffering leads to an unprecedented spiritual outcome; it contributes to the construction of life on the unshakable foundation of TRUTH..."

"Those who are spiritually awake have been aware for some time that the world is at present in the midst of a period such as always preceded Avataric manifestations. Even unawakened men and women are becoming aware of it. From their darkness they are reaching out for light; in their sorrow they are longing for comfort; from the midst of the strife into which they have found themselves plunged, they are praying for peace and deliverance.

please turn page

"For the moment, they must be patient. The wave of destruction must rise still further. But when, from the depths of his heart, man desires something more lasting than wealth, more real than material power, the wave will recede. Then peace will come, joy will come, light will come.

"The breaking of my silence -- the signal for my public manifestation -- is not far off. I bring the greatest treasure which is possible for man to receive, a treasure which includes all other treasures, which will endure forever, and which INCREASES when shared with others. Be ready to receive it.

"My existence is for Love and Truth; and to suffering humanity I say: Have hope. I have come to help you in surrendering yourselves to the Cause of God and in accepting His Grace of Love and Truth. I have come to help you in winning the one Victory of all victories -- to win your self."

About the effects of the breaking of the Silence, Meher Baba has said many things: the gist of which is, that ALL will experience to some degree, the out-pouring of grace. When the "powerhouse" is switched on, all the "light bulbs" will be lit -- according to their "voltages", or readiness and capacity for illumination. Baba has also said all living beings -- not only man -- will be affected. But none will know the exact moment of the manifestation. GREAT PHYSICAL CHANGES, much destruction will also take place on our planet. Many of the coast lines of the world will be changed. (See "Prophecy '67")

* "When an atom is 'split' an infinite amount of energy is released. Similarly, when my Silence is broken and I utter the WORD, infinite wisdom will be released. When an atom bomb strikes the earth it causes vast devastation. Similarly, when the Word I utter strikes the universe there will be great material destruction; but there will also take place a tremendous spiritual upheaval."

The time is very near. Baba is now giving hints of "any time after the end of November, 1967..." He has said recently:

"The time has come when I shall break my Silence. The whole world will get a spiritual push, but the hearts of my intimate lovers will be opened then... such a time will not come again and has not come in the past.

"Today, the anti-spiritual element is at its height. Tibet, once known as the seat of God, is now a military camp. Hypocritical saints abound in these times. Science has advanced in the lay before. Hence, when all these factors are at their highest, spirituality will also be at its highest, in order not only to balance these factors, but to overrule them. **THE TIME FOR BREAKING MY SILENCE IS VERY NEAR...THE BREAKING OF MY SILENCE WILL REVEAL TO MAN THE UNIVERSAL ONENESS OF GOD WHICH WILL BRING ABOUT THE UNIVERSAL BROTHERHOOD OF MAN.** ★★★★★★

CHAPTER 7

1967 World Predictions

◆

The following are the 1967 personal impressions and predictions given through the Extra-Sensory Perceptive psychic mediumship of "Mr. Psychic", Clifford Matthew Royse, Jr., the director of the Chicago Psychic Center, 32 N. State Street, Chicago, Illinois.

These predictions were presented to the radio and television stations of ABC, NBC and CBS, the Illinois Society of Psychic Research, Fate magazine, the New Age World, Chicago's four daily newspapers, and the professor William G. Roll: project director of the Psychical Research Foundation, Inc., located at Duke University at the College Station, Durham, N.C.

The following predictions are for experimental research: -

1. A man of about forty years of age will become the new leader of Cuba and will work for better relations with U.S.A., inviting tourists to Cuba.
2. This is the year -- 1967 -- when Egypt will test drop their first atomic bomb, showing its possibility of becoming a bigger power.
3. It will be announced that there is an antidote for schizophrenia.
4. A new smog device to clear the air in the state of California.
5. The United States Air Force will make a public announcement about unidentified flying objects - "UFOs really do exist."!
6. The Viet Nam war will continue throughout the year 1967.
7. A Civil War in Cuba will take many lives.
8. This year brings another big crisis in the Panama Canal area.
9. Ex-President Dwight D. Eisenhower must take care against a fatal heart attack.
10. Power build-up in the Republican Party as it prepares to win the next Presidential election. Watch Mr. William Scranton and Mr. Robert Taft, Jr.

(Cont'd)

11. The racial problems begin to spread faster throughout the United States with larger demonstrations in Chicago, Los Angeles, New York, San Francisco, Philadelphia, as well as continuing in the deep south.
12. Increased sightings of the UFOs throughout the world.
13. Balloon type of room divider for home use as well as for businesses -- In seconds a release button will "build" this temporary sound-proof wall.
14. Research will show the apparent hope for correcting paralysis of the body.
15. Howard Hughes will be hospitalized and a warning should be given for the saving of his life.
16. A team on the East coast of the United States will announce its ability to perform a complete eye transfer in a human being.
17. A prediction of dissention in the British Labor Party with the removal of Mr. Wilson as the leader.
18. A prediction about the increased visitation of UFO's with actual advance time of sightings being predicted.
19. Antonio Agpaoa called "Tony, the Wonder Healer of the Phillippines" will become a victim of a "self-made" problem which will restrict his famed psychic surgery and healings.
20. First three months of 1967 finds the Stock Market at its highest for the entire year.
21. A United States space platform will be placed in space and used as a landing dock.
22. The Republican Party will win the next Presidential election.
23. A disclosure of the motive power systems of the flying saucers -- unidentified flying objects -- will be made by scientific researchers, and the great efficiency of these new systems plus the simplicity of the principles involved, will amaze many engineers. This disclosure of superior spacecraft propulsion systems will be to research groups and UFO investigators first, rather than to the mass public, but will nevertheless be made known to many persons in 1967.
24. A prediction of unusual boom of public interest in E.S. P., in 1967.

25. My psychic impression is that the missing plane and body of Dr. Wallace Carey Halsey, the noted UFO researcher and nephew of famous Navy Admiral "Bull" Halsey, is going to be found within five years of the time that he disappeared. Dr. Halsey has been missing since 1963.
26. A startling new discovery will be reported by the scientific group that is currently planning to locate a "hidden chamber" in the Great Pyramid in Egypt. A link in a long-time mystery is soon to be forged.
27. The strange creature known as the Canadian "Sasquatch" or in Northern California as "Bigfoot" will make some surprising new appearances. Bigfoot may not belong to a race of hairy giants native to the earth planet, but may be a remnant of an outer space race that visited earth in pre-flood times. The Giant that David slew was one of these people, and their size is attributed to mineral-rich foods (earth foods today are mineral-poor) that continually stimulate the pituitary gland.
28. Neo-Nazi activities are likely to be on the increase in Germany and other corners of the world next year. However, before any real elements of the old violence against people manifest, other things in Europe such as nature's own destruction, will deter their actions.
29. Parts of Russia will be in shock from earthquakes of great severity.
30. Palestine will make the news in 1967. Watch the Middle-East!
31. Our own eastern seaboard will be trapped by "smog" to an even worse extent in 1967. This condition of polluted air will exceed the danger level.
32. Watch 1967 for a BREAKTHROUGH of the SUPERNATURAL on a number of fronts. This includes "visitations" of higher-frequency beings, and unidentified flying objects. Be ye not afraid; but look forward in faith.
33. 1967 vibrates to a FIVE. It's a rather unsettled number vibration, and I want to alert you now to "expect the unexpected" this year. Physically, we'll all be more healthy, but due to the increased strain and tension of this number, its faster and more complicated pace, we will be subject to nervous and emotional disturbances more than usual. So take it easy.

All of us, whether we fully realize it or not, are now being hurtled at terrific speed into the NEW AGE. We are being impelled to get a different and more REALISTIC VIEWPOINT on everything...our whole frame of reference is changing...and so are we! In reality we are witnessing the ending of the old world order, and the "birth pangs" of a NEW AGE.

1967 will be a year of great DILEMMAS. A year of JOLTS. However, the scoffers and materialists will FEEL those jolts far more than you will.

CATACLYSM NEAR, LAB FOUNDER SAYS

"California is going to be hit by three major earth shocks followed by a toppling of much of the California coast into the sea. The beginning of the cataclysm is a matter of months or weeks away." That is one of the predictions of Donald James Hamrick of Novatron Laboratories, Vancouver, Wash., who voiced his prognostications at an overflow meeting of the Electric Club of Oregon last Thursday.

"Before World War II," said Hamrick, "a bathysphere descended off the coast of California and found a shelf at a depth of 7 or 8 miles, and the shelf seemed to have no eastern wall. During World War II submarines went under this shelf as far as the San Bernardino Mts. and they found columns holding up the land mass. There has been a measurable tilting of land since and tensions are developing. Soon the tilt at the top of the columns will be too much and there will be a toppling of the coast of California into the sea. Three major sequential shocks will hit and will extend beyond the San Francisco area. The shocks will be of greater magnitude than have ever been known and there will be loss of life and tremendous devastation."

The speaker was booked to discuss "Security and Survival - With UFOs!" and he spoke in a room in the Congress Hotel. Hamrick was introduced with an impressive sounding biography. He was classified as a 20 year old genius with an IQ of 180 who completed high school in 2 1/2 years at the age of 16 with subsequent pursuit of knowledge in fields of psychology, classical languages, philosophy, physics, mathematics and theology. He was listed as the founder of Syndyne Corp., in Vancouver, a firm of engineers, physicists, chemists and mathematicians who engage in "problem solving" for industry and the medical profession. He also was described as a recognised expert on Unidentified Flying Objects and Extra-Sensory Perception.

Hamrick said he has seen, photographed and boarded flying saucers and he has had meetings with extra-terrestrial visitors from Venus, Saturn and elsewhere. He said he has been shown and told things he could not reveal yet and other things which he is willing to talk about with persons who are willing to develop. According to Hamrick, "This galaxy is entering into a new sector of space at a time when man has discovered the atomic bomb, and because of changes inside and outside of man, interventions in man's affairs have been necessary. With atomic energy we began to infringe upon other beings. There are good and evil intelligences among these extra-terrestrial beings. Manifestations of their presence have occurred for centuries, but now, with the need for intervention here lest man become a threat to all of creation, sightings are more common."

He predicted, "An overwhelming arrival of craft is coming in December in Mexico, Java, Sumatra, and the Phillipines will descend beneath the sea and lands will rise from under the sea revealing an ancient civilization that had machines far ahead of us. By 1998 almost all of the exposed earth will be hit by cataclysmic events." He predicted a major change in the Administrative and Judiciary branches soon. "I have no motive in convincing you of anything. I seek no profits, but only relay information. Mankind will not survive if it cannot adapt to concepts like visits from space and the possibilities of UFOs and ESP. Contactees among men exist. The Air Force calls them "crack pots". All contacts are not physical in the normal sense of the word and not all are in conjunction with craft."
